IMPORTANT

It is desirable that as many Ordinary Shares as possible be represented at the Meeting. If you do not expect to attend and would like your Ordinary Shares represented, please complete the enclosed form of proxy and return it as soon as possible in the envelope provided for that purpose. In accordance with the articles of association of the Company, all proxies, to be valid, must be deposited at the office of the Registrar and Transfer Agent of the Company, Equity Transfer & Trust Company, 200 University Avenue, Suite 400, Toronto, Ontario, M5H 4H1, not later than 11:30 a.m. (Eastern Daylight Time) on June 8, 2010, or twenty-four hours preceding any adjournment of the Meeting.

The Company gives notice that only those shareholders entered on the register of shareholders (or their duly appointed proxies) at 11:30 a.m. (Eastern Daylight Time) on June 8, 2010, will be entitled to attend and vote at the Meeting in respect of the number of Ordinary Shares registered in their name at that time. Any transferee or person acquiring Ordinary Shares after the Record Date may, on proof of ownership of Ordinary Shares, demand of the Registrar and Transfer Agent of the Company, Equity Transfer & Trust Company, not later than 11:30 a.m. (Eastern Daylight Time) on June 8, 2010, that his or her name be included in the list of persons entitled to attend and vote at the Meeting.

TETHYS PETROLEUM LIMITED
ANNUAL GENERAL MEETING OF SHAREHOLDERS
TO BE HELD ON JUNE 10, 2010

MANAGEMENT INFORMATION CIRCULAR

This management information circular (the “**Information Circular**”) is furnished in connection with the solicitation of proxies by the management of Tethys Petroleum Limited (“**Tethys**”, the “**Company**” or “**we**”) for use at the annual general meeting of the holders of ordinary shares of the Company (“**Ordinary Shares**”) to be held on June 10, 2010 at the registered office of the Company, being 89 Nexus Way, Camana Bay, Grand Cayman, Cayman Islands at 10:30 a.m. (Eastern Standard Time), or at any adjournment thereof (the “**Meeting**”), for the purposes set forth in the notice of meeting (the “**Notice of Meeting**”).

The costs incurred in the preparation and mailing of both the instrument of proxy and this Information Circular will be borne by the Company. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication or by directors, officers and employees of the Company who will not be directly compensated therefor.

In accordance with National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer*, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the Ordinary Shares held of record by such persons and the Company may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Company. The record date to determine the registered shareholders entitled to receive the Notice of Meeting is April 19, 2010 (the “Record Date”).

All information provided herein is as at the Record Date unless otherwise indicated.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named (the “Management Designees”) in the enclosed instrument of proxy (the “Instrument of Proxy”) have been selected by the directors of the Company and have indicated their willingness to represent as proxy the shareholder who appoints them. A shareholder has the right to designate a person (whom need not be a shareholder) other than the Management Designees to represent him or her at the Meeting. Such right may be exercised by inserting in the space provided for that purpose on the Instrument of Proxy the name of the person to be designated and by deleting therefrom the names of the Management Designees, or by completing another proper form of proxy and delivering the same to the transfer agent of the Company, Equity Transfer & Trust Company. Such shareholder should notify the nominee of the appointment, obtain the nominee’s consent to act as proxy and should provide instructions on how the shareholder’s shares are to be voted. The nominee should bring personal identification with him or her to the Meeting. In any case, the form of proxy should be dated and executed by the shareholder or an attorney authorized in writing, with proof of such authorization attached, where an attorney executed the proxy form or, if the appointor is a company, under its seal or under the hand of its duly authorized officer or attorney or other person authorized to sign. In addition, a proxy may be revoked by a shareholder personally attending at the Meeting and voting his or her shares.

A form of proxy will not be valid for the Meeting or any adjournment thereof unless it is completed and delivered to the Company’s transfer agent, Equity Transfer & Trust Company, 200 University Avenue, Suite 400, Toronto, Ontario, M5H 4H1, Canada, at least forty-eight (48) hours prior to the Meeting or twenty-four (24) hours prior to any adjournment thereof. Late proxies may be accepted or rejected by the Chairman of the Meeting in his discretion, and the Chairman is under no obligation to accept or reject any particular late proxy.

A shareholder who has given a proxy may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the proxy. In addition to revocation in any other manner permitted by law, a proxy may be revoked by depositing an instrument in writing executed by the shareholder or by his or her authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney thereof

duly authorized, either at the registered office of the Company or with Equity Transfer & Trust Company, 200 University Avenue, Suite 400, Toronto, Ontario, M5H 4H1, Canada, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, at which the proxy is to be used, or by depositing the instrument in writing with the Chairman of such Meeting on the day of the Meeting, or any adjournment thereof. In addition, a proxy may be revoked by the shareholder personally attending the Meeting and voting his or her shares.

VOTING OF PROXIES

Each shareholder may instruct his or her proxy how to vote his or her Ordinary Shares by completing the blanks on the Instrument of Proxy. All Ordinary Shares represented at the Meeting by properly executed proxies will be voted (including the voting on any ballot), and where a choice with respect to any matter to be acted upon has been specified in the Instrument of Proxy, the Ordinary Shares represented by the proxy will be voted in accordance with such specification. **In the absence of any such specification as to voting on the Instrument of Proxy, the Management Designees, if named as proxy, will vote in favour of the matters set out therein. In the absence of any specification as to voting on any other form of proxy, the Ordinary Shares represented by such form of proxy will be voted in favour of the matters set out therein.**

The enclosed Instrument of Proxy confers discretionary authority upon the Management Designees, or other persons named as proxy, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Company is not aware of any amendments to, variations of or other matters which may come before the Meeting. In the event that other matters come before the Meeting, then the Management Designees intend to vote in accordance with the judgment of management of the Company.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold Ordinary Shares in their own name. Shareholders who hold their Ordinary Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Ordinary Shares in their own name (referred to in this Information Circular as “**Beneficial Shareholders**”) should note that only proxies deposited by shareholders who appear on the records maintained by the Company’s registrar and transfer agent as registered holders of Ordinary Shares will be recognized and acted upon at the Meeting. If Ordinary Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those Ordinary Shares will, in all likelihood, not be registered in the shareholder’s name. Such Ordinary Shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Ordinary Shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker’s clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing securities regulations require brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Ordinary Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the Instrument of Proxy provided directly to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote Ordinary Shares directly at the Meeting. **The**

voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Ordinary Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Ordinary Shares voted. If you have any questions respecting the voting of Ordinary Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Ordinary Shares registered in the name of his or her broker, a Beneficial Shareholder may attend the Meeting as proxy holder for the registered shareholder and vote the Ordinary Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Ordinary Shares as proxy holder for the registered shareholder, should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to shareholders in this Information Circular and the accompanying Instrument of Proxy and the Notice of Meeting are to registered shareholders unless specifically stated otherwise.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As at April 19, 2010, Tethys had 187,169,769 Ordinary Shares issued and outstanding. Every shareholder present has on a show of hands one vote and on a poll every shareholder present in person or by proxy has one vote for every Ordinary Share of which he, she or it is the holder. Only those shareholders of record on the Record Date are entitled to receive notice of and vote at the Meeting. Any transferee or person acquiring Ordinary Shares after the Record Date may, on proof of ownership of Ordinary Shares, demand of Equity Transfer & Trust Company not later than 2 business days before the Meeting (or any adjournment thereof) that his or her name be included in the list of persons entitled to attend and vote at the Meeting.

Two or more holders present in person or represented by proxy constitutes a quorum for the Meeting, irrespective of the number of persons actually present at the Meeting.

To the knowledge of the directors and executive officers of the Company, as of the date hereof, no person or company beneficially owns, or exercises control or direction over, directly or indirectly, more than 10% of the voting rights attached to all of the issued and outstanding Ordinary Shares other than as indicated in the table below.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

We depend on the performance of experienced and committed executive officers with the skills, education, experience and personal qualities necessary to manage our business. Our executive compensation program is designed and administered to attract and retain such individuals in a competitive market, particularly with the skills to work successfully in our specific areas of operation.

Set out below is our discussion and analysis in respect of the compensation of our Named Executive Officers (as defined below) for the year ended December 31, 2009.

Objectives of our Compensation Program

The objectives of the compensation program for our Named Executive Officers are to:

- motivate executives to achieve strong financial, technical and operational performance;
- retain management talents to support our corporate goals;
- effectively compete against other oil and gas companies for executive talents;
- source and retain high quality staff with specific skills to operate in our areas of interest;
- provide a balance between the achievement of near-term and long-term objectives;
- link the interests of executives with shareholders by providing a portion of total pay in the form of stock incentives; and
- encourage long-term commitment to the Company.

Our compensation program is designed to reward the individual performance of our Named Executive Officers in meeting their individual and corporate objectives. In addition our compensation program seeks to reward exceptional performance and contribution to the growth of our Company.

Elements of Compensation

We use several different compensation elements in our executive compensation program for the purpose of addressing both near-term and longer-term value creation for the Company. The primary components of our executive compensation program are:

- base compensation;
- long-term incentives (stock options); and
- other benefits.

The following table gives an overview of the elements of the compensation of our Named Executive Officers, including the description and purpose of each element.

COMPENSATION ELEMENTS	DESCRIPTION AND PURPOSE
Base Compensation ⁽¹⁾	Provides fixed compensation to pay for experience, expertise and knowledge.
Long-Term Incentives (stock options)	Aligns executives' long-term interests with those of our shareholders. Promotes retention of executives through time-based vesting of awards. Provides for meaningful share ownership opportunities. Emphasizes long-term performance results.
Other Benefits	Other benefits include health, life, critical illness and income protection (disability).

Note:

- (1) Base compensation includes, depending on the Named Executive Officer, salaries and base management fees payable under the terms of the Management and Employment Agreements referred to under "*Management and Employment Agreements*".

We have not set the compensation of our Named Executive Officers to discrete benchmarks. We instead consider the terms of each Named Executive Officer's employment contract or management contract and compare his or her performance with prior years' performance, his or her contribution to the development of our business in general and that of other Named Executive Officers. The role of the Chief Executive Officer in recommending to the Compensation and Nomination Committee (the "**Compensation Committee**") the compensation for Named Executive Officers is described under "*Role of the Compensation Committee*".

To reinforce the goals of delivering both near-term results and long-term shareholder value, the Company provides executives with long-term stock incentive awards (stock options).

Determination of Amount of Compensation

The design of each compensation element and 2009 pay decisions are described further below.

Base Compensation

The base compensation of our Named Executive Officers was previously established at the time we entered into the employment or management contracts described elsewhere in this Information Circular (See "*Executive Compensation – Management and Employment Agreements*"). The Compensation Committee reviews on a regular basis the base compensation of our Named Executive Officers. We consider competitive base compensation vital to ensuring the continuity of our management. The following factors are considered when establishing base compensation for the Named Executive Officers:

- the importance of each Named Executive Officer to the development of our business;
- external market forces and data;
- the scope of responsibility, experience and tenure of each Named Executive Officer;
- the extensive travel required and long periods spent in often remote and difficult working environments in our areas of operation;

- the experience of each Named Executive Officer in our area of operations and related areas;
- the development plans for the Named Executive Officer and his or her potential to take on greater or different responsibilities; and
- internal equity considerations.

Cash Bonuses

The Company does not currently have an annual cash incentive bonus program or plan. However, the Company accepts that work carried out by the Chief Executive Officer may contribute to significant business progress for the Company, including for example without limitation, the acquisition of new projects, increase of revenue from existing projects, rationalisation of costs, increase in positive cash flow for the Company, successful corporate restructuring, merger, takeover or similar, or some such other event which is positive for the Company (the “**Event**”), and in these circumstances the Compensation Committee of the Company shall cause the Company to pay a discretionary cash bonus to the Chief Executive Officer in an amount (if any) to be determined by the Compensation Committee which will take into account, inter alia, the value to the Company of the Event.

In addition, discretionary cash bonuses may be paid to the Named Executive Officers in recognition of Events at the discretion of the Chief Executive Officer in consultation, if necessary, with the Compensation Committee.

No discretionary bonuses were awarded to Named Executive Officers in 2009.

Long-Term Incentives (Stock Options)

A key component of our compensation program is to reward executives for long-term strategic accomplishments and enhancement of long-term shareholder value through equity-based long-term incentives. We believe that long-term incentive compensation plays an essential role in attracting and retaining executive officers and aligns their interests with the goal of maximizing shareholder value.

We have established long-term incentive target values for each level of responsibility within the Company, including the Named Executive Officers.

In awarding incentives to our executives, the Compensation Committee takes into account the following factors:

- recent Company performance;
- each executive officer's individual performance during the year;
- competitive market conditions;
- historical practices;
- incentive awards for others in the organization;
- the Company's desire for its long-term incentive plans to accommodate an awards program lasting up to seven years; and
- our compensation philosophy.

The Company's long-term incentive awards are currently limited to Stock Options. In addition, prior to its initial public offering in June 2007, the Company issued the 2017 Warrants and Performance Warrants as one time incentives to certain officers of the Company. See “*Executive Compensation – 2017 Warrants*” and “*Executive Compensation - Performance Warrants*.”

Stock Options are intended to align executives' interests with those of shareholders, by providing an incentive for executives to enhance shareholder value. Due to the significance of the risk/reward profile of stock options, executives stand to gain from their receipt of stock options only to the extent our common stock appreciates in value. The vesting schedule provides incentive to continue service with the Company for an extended period. For awards made in 2009, 33.33% of the stock options immediately vested and became exercisable on the grant date. An additional 33.33% of each grant vests and becomes exercisable on each of the first two anniversaries of the original grant.

Stock Options to acquire 2,490,000 Ordinary Shares were granted to Named Executive Officers in 2009 in accordance with the approval of the Compensation Committee. The number of Stock Options granted to the Named Executive Officers (other than to the President and Chief Executive Officer) was determined by the Compensation Committee after review of a recommendation of the President and Chief Executive Officer based on his assessment of the optionee's contributions to the development of the Company's operations and importance to the success of the Company, and after considering prior grants of option-based awards. The number of Stock Options granted to the President and Chief Executive Officer was determined by the Compensation Committee based on similar criteria. Pursuant to the Stock Incentive Plan (as defined below), the number of Ordinary Shares reserved for issuance in respect of Stock Options should not exceed 12% of outstanding Ordinary Shares from time to time.

Other Benefits

Our Named Executive Officers and their immediate families are eligible for medical insurance, and the Named Executive Officers themselves to accidental death insurance, life insurance, disability insurance, vacation and other similar benefits. The cost of these benefits for each Named Executive Officer is set out in the Summary Compensation Table.

We provide Named Executive Officers with the following perquisites on a limited basis:

- (i) life insurance;
- (ii) health insurance;
- (iii) income protection (disability insurance);
- (iv) critical illness insurance; and
- (vi) cash contribution (equal to 9% of basic salary or base management fee) toward each Named Executive Officer's personal pension requirements.

Post-Termination or Change in Control Benefits

We currently have employment or management agreements with each of our Named Executive Officers. These agreements may be terminated on six months' notice. Accordingly, these agreements give the Named Executive Officers six months' compensation if their employment is terminated without notice. See "*Management and Employment Agreements*". In the event of a "Change of Control" (as defined in the Stock Incentive Plan), the unvested options held by each of the Named Executive Officers become fully vested.

Role of the Compensation Committee

Without prejudice to the specific duties of the Compensation Committee detailed below, the general aims of the Compensation Committee are to assist the Board in: (i) setting the compensation of senior management and directors; and (ii) nominating members for election or appointment to the Board, in each case pursuant to a process whereby those responsible for recommendations to the Board have no personal interest in the outcome of the decisions.

The Compensation Committee:

- (a) reviews and approves corporate goals and objectives relevant to the Chief Executive Officer's compensation, evaluates the Chief Executive Officer's performance in the light of those corporate goals and objectives and determines (or makes recommendations to the Board with respect to) the Chief Executive Officer's compensation level based on this evaluation;
- (b) considers and, if deemed appropriate, approves the Chief Executive Officer's recommendations for compensation for the directors and executive officers and Company incentive-compensation plans;

- (c) reviews executive compensation disclosure before the Company publicly discloses this information; and
- (d) is responsible for appointing and determining the terms of appointment of any consultants in respect of the executive officers' compensation.

In fulfilling its role, the following general policies apply:

- (i) the Compensation Committee determines and review with the Chief Executive Officer and with the Board the framework or policies for the compensation of the executive officers;
- (ii) in determining such policy, the Compensation Committee takes into account all factors which it deems necessary;
- (iii) the remuneration of non-executive directors is a matter for the Board; and
- (iv) no director or executive officer is involved in any decisions as to his or her own compensation.

Under the direction of the Compensation Committee, the Company is committed to the fundamental principles of pay for performance, improved shareholder returns and external competitiveness in the design, development and administration of its compensation programs. The Compensation Committee recognizes the need to attract and retain a stable and focused leadership with the capability to manage the operations, finances and assets of the Company.

The option based awards (the “**Stock Options**”) granted or which vested in 2009 were granted under our Stock Incentive Plan which is described below. In addition, certain Named Executive Officers were granted Performance Warrants and 2017 Warrants in 2007, all of which vested at the time of grant. The Performance Warrants and 2017 Warrants are described below.

The process followed by the Company for the grant of Stock Options referred to above is described under “*Compensation Discussion Analysis - Long-Term Incentives (Stock Options)*”.

Stock Incentive Plan

The Company has adopted a stock incentive plan referred to as the “*2007 Long Term Stock Incentive Plan (as amended effective April 24, 2008 and May 7, 2009)*” (the “**Stock Incentive Plan**”) pursuant to which the Company may grant stock options to any director, officer, employee or consultant of the Company, subsidiary of the Company, or Vazon (collectively, “**Service Providers**”). The purpose of the Stock Incentive Plan is to secure for the Company and its shareholders the benefits of incentives inherent in share ownership by Service Providers who, in the judgment of the Board of Directors, will be largely responsible for its future growth and success. The Stock Incentive Plan was adopted prior to the Company’s initial public offering and amendments thereto were approved by shareholders of the Company at the 2008 and 2009 annual shareholders’ meetings. The amendment to the Stock Incentive Plan approved by shareholders of the Company on May 7, 2009 provided that the aggregate number of Ordinary Shares reserved for issuance under the Stock Incentive Plan is equal to 12% of the number of Ordinary Shares outstanding at the time of the grant of options.

The maximum number of Ordinary Shares reserved for issuance under the Stock Incentive Plan currently is equal to 12% of the number of outstanding issued Ordinary Shares. As at the date hereof, options in respect of 18,555,000 Ordinary Shares are outstanding, representing 9.91% of the issued and outstanding Ordinary Shares.

The Stock Incentive Plan is administered by the Compensation Committee of the Board of Directors. Options may be granted pursuant to recommendations of the Compensation Committee. The Compensation Committee may determine the vesting schedule and term, provided that options may not have a term exceeding ten years. Subject to any resolution passed by the Compensation Committee, options will terminate three months after an optionee ceases to be a Service Provider.

The exercise price of options granted under the Stock Incentive Plan is determined by the Compensation Committee at the time of each grant based on the market price of the Ordinary Shares on the TSX, provided that it may not be less than the closing price of the Ordinary Shares on the TSX as at the date of the option grant. Subject to any resolution of the Compensation Committee, the Stock Options will cease to be exercisable three months after an optionee ceases to be a director, officer, employee or consultant of the Company, subsidiary of the Company, or Vazon, subject to earlier termination in the event of termination for cause. The Stock Incentive Plan contains amendment provisions which allow amendments to the Stock Incentive Plan by the Board of Directors, without shareholder approval, for amendments of a “housekeeping” nature, changes to vesting or termination provisions, and discontinuance of the Stock Incentive Plan. The Stock Incentive Plan also provides that outstanding Stock Options will vest immediately on the occurrence of a “change in control” (as defined in the Stock Incentive Plan). Options

granted under the Plan are only assignable to certain related entities of an optionee or otherwise with the consent of the Company.

The Stock Incentive Plan contains provisions for adjustment in the number of Ordinary Shares issuable thereunder in the event of a subdivision, consolidation or reclassification of the Ordinary Shares, the payment of stock dividends by the Company (other than dividends in the ordinary course) or other relevant changes in the capital stock of the Company.

The Stock Incentive Plan does not contain any restriction on the number of Ordinary Shares which may be reserved for issuance in respect of Stock Options granted to insiders under the Stock Incentive Plan or pursuant to any other share compensation arrangement. Accordingly, amendments to the Stock Incentive Plan and other compensation arrangements of the Company which require approval of shareholders will require approval of disinterested shareholders for as long as the number of Ordinary Shares reserved for issuance under options or other share compensation arrangements exceeds 10% of the outstanding Ordinary Shares and the Stock Incentive Plan or share compensation arrangements do not limit the participation of insiders to 10% of outstanding Ordinary Shares.

Performance Warrants

In connection with the closing of the Company's initial public offering which was completed on June 27, 2007, the Company granted to its executive officers warrants (the "**Performance Warrants**" or "**PW**") to acquire an aggregate of 6,767,504 Ordinary Shares. Performance Warrants to acquire an aggregate of 1,353,501 Ordinary Shares were exercisable at US\$4.125 until December 27, 2009 but have now expired, Performance Warrants to acquire an aggregate of 2,255,835 Ordinary Shares are exercisable at US\$5.50 until June 27, 2011 and Performance Warrants to acquire an aggregate of 3,158,168 Ordinary Shares are exercisable at US\$6.875 until December 27, 2012.

2017 Warrants

On February 14, 2007 the Company agreed to issue and on June 8, 2007 the Company issued certain warrants (the "**2017 Warrants**") to purchase an aggregate of 2,090,000 Ordinary Shares. The 2017 Warrants are exercisable at a price of US\$2.50 per share and expire ten years from the date of issuance. 2017 Warrants to acquire an aggregate of 190,000 Ordinary Shares were granted to certain of the Named Executive Officers. The 2017 Warrants were granted in connection with a private placement completed in January 2007.

Defined Benefit or Actuarial Plans

The Company did not have any defined benefit (or actuarial plans) or defined contribution plan during the financial year ended December 31, 2009.

Although the Company does not provide any of its Named Executive Officers with a pension plan, the Company pays a monthly contribution of 9% of the Named Executive Officer's basic salary or base management fee as a contribution towards the Named Executive Officer's pension requirements. Payments made to the Named Executive Officer with relation to pension provisions are made on the basis that the Named Executive Officer decides how to direct these payments in accordance with their own pension requirements and objectives.

Termination and Change of Control Benefits

The Umbrella Management Services Agreement, the CEO Services Agreement, the CFO Agreement, the Executive VP and Corporate Secretary Agreement, the VP and General Counsel Agreement, and the VPE Agreement (collectively the "**Management Agreements**") may be terminated by either the Company or the relevant Named Executive Officer on six months' notice. None of the Management Agreements provides for payment upon a change of control of the Company.

The Stock Incentive Plan provides that, in the event of a "Change of Control" (as defined therein), all outstanding Stock Options will immediately vest and become exercisable. Had such "Change of Control" occurred as at December 31, 2009, the value of Stock Options vested upon such occurrence (calculated as the difference between

the market price of the Ordinary Shares on the TSX on December 31, 2009 and the exercise price of the Stock Options) would have been US\$822,720.

DISCLOSURE OF CORPORATE GOVERNANCE PRACTICES

Pursuant to National Instrument 58-101 - *Disclosure of Corporate Governance Practices*, the Company is required to include in this Information Circular the disclosure required under Form 58-101F1 with respect to the matters set out under National Policy 58-201 - *Corporate Governance Guidelines* (“NP 58-201”).

Introduction

The Board of Directors is committed to a high standard of corporate governance practices. The Board believes that this commitment is not only in the best interests of shareholders but that it also promotes effective decision making at Board level. The Board is of the view that its approach to corporate governance is appropriate and continues to work to align with the recommendations currently in effect and contained in NP 58-201. In addition, the Board monitors and considers for implementation the corporate governance standards which are proposed by various Canadian regulatory authorities.

Board of Directors

The Board of Directors is responsible for overseeing the conduct of the business of the Company and supervising management, who are responsible for the daily conduct of the business of the Company. The Board of Directors is currently comprised of eight directors. A director is “independent” within the meaning of Section 1.4 of National Instrument 52-110 - *Audit Committees* (“NI 52-110”) if he or she does not have any direct or indirect material relationship with the Company which, in the view of the Board of Directors, could reasonably interfere with the exercise of the member’s independent judgement. In addition, under NI 52-110, certain individuals are deemed to have a “material relationship” with the Company, including any individual whose immediate family member is, or has recently been, an executive officer of the Company. Based on the foregoing definition, the Board currently has 4 independent directors and 4 directors who are not independent:

Independence Status of Current Directors and Proposed Director

Although the Board of Directors is not comprised of a majority of independent directors, the Board has concluded that the Board of Directors has functioned and can continue to function independently as required. The independent members of the Board of Directors do not hold regularly scheduled meetings at which the non-independent directors and members of management are not in attendance, however, the Board provides an opportunity to hold such meetings at the request of an independent director in order to facilitate the exercise of the directors' independent judgement. In addition, the Board holds "*in-camera*" sessions for independent members during each Board meeting to facilitate open and candid discussion amongst the independent directors.

The Chairman of the Board of Directors, Dr. Robson, is not an independent director as he is the President and Chief Executive Officer of the Company. In order to provide leadership for the independent directors, the Board encourages communication among the independent directors with the Vice Chairman, Peter Lilley, being the leading independent director providing guidance to the other non-independent directors.

The table below summarizes the meetings of the Board and its committees held during 2009 and the attendance of the individual directors of the Company at such meetings:

Board Mandate

The Board has not adopted a formal written mandate. The Board approves all significant decisions of the Company before they are implemented and supervises their implementation and reviews the results. In addition, the Board is actively involved in the Company's strategic planning process. The Board discusses and reviews all materials relating to strategic and operating plans with management. Management seeks Board approval for any transaction that would have a significant impact on the strategic plan.

The Board is responsible for selecting the President and Chief Executive Officer and the appointment of senior management and for monitoring their performance. The Board delegates to management responsibility for, among other things, meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on the Company's business, evaluating new business opportunities and complying with applicable regulatory requirements.

The Board periodically reviews the Company's business and implementation of appropriate systems to manage any associated risks, communications with investors and the financial community and the integrity of the Company's internal control and management information systems. The Board also monitors the Company's compliance with timely disclosure obligations and reviews material disclosure documents prior to distribution. The Board has adopted a disclosure policy to ensure the accurate and timely communications of all important information to the investing public.

Position Descriptions

The Board has not developed written position descriptions for the Chairman of the Board or the Chairman of the respective Board committees. The Board believes management is responsible for the effective, efficient and prudent management of the Company's day-to-day operation subject to the Board's stewardship.

The role of the Chairman is to provide leadership to the directors, manage the affairs of the Board and ensure that the Board is organized properly, functions effectively and meets its obligations and responsibilities. The Chairman presides at each meeting of the Board and is responsible for coordinating with management and the Corporate Secretary to ensure that documents are delivered to directors in sufficient time in advance of Board meetings for a thorough review, that matters are properly presented for the Board's consideration at meetings, and that the Board has an appropriate opportunity to discuss issues at each meeting. The Chairman is responsible for communicating with each Board member, ensuring that each director has the opportunity to be heard, that each director is accountable to the Board, and that the Board and each Committee is discharging its duties. The Chairman is also responsible for organizing the Board to function independently of management. Additionally, the Chairman is the Board's role model for responsible, ethical and effective decision-making.

During the fiscal year ended December 31, 2009, the Board had four standing committees, the majority of which were composed of independent directors, with the exception of the Executive Board (Executive Committee). The Board has delegated certain responsibilities to each of its committees, and they report to and make recommendations to the Board on a regular basis. The Chair of each committee is expected to be responsible for ensuring that the written terms of reference of the committee for which he or she serves as Chair is adhered to and that the objectives of each committee are accomplished.

The Board has established the following standing committees comprised of the members and chaired by the individuals set out in the following table.

Committee	Members	Independent
Audit Committee	Marcus Rhodes, Chair	Yes
	Peter Lilley	Yes
	James Rawls ⁽¹⁾	Yes
Compensation and Nomination Committee	Peter Lilley, Chair	Yes
	Piers Johnson ⁽²⁾	Yes
Reserves Committee	Piers Johnson ⁽²⁾ , Chair	Yes
	Peter Lilley	Yes
	James Rawls	Yes
	Dr. David Robson	No
Executive Board (Executive Committee)	Dr. David Robson	No
	Bernard Murphy	No
	Elizabeth Landles	No

⁽¹⁾ James Rawls was appointed to the Audit Committee on May 1, 2010 and replaced Piers Johnson.

⁽²⁾ Piers Johnson is considered independent for the purposes of membership on the Board of Directors pursuant to section 1.4 of NI 52-110, but not for the purposes of membership on the Audit Committee pursuant to section 1.5 of NI 52-110. See "Audit Committee" below.

The Board and the President and Chief Executive Officer have established a position description for the Company's President and Chief Executive Officer. The President and Chief Executive Officer has the overall responsibility for the successful management of the business and affairs of the Company.

Orientation and Continuing Education

The Board currently provides a limited orientation and education program for new directors. This process includes discussions with the Chairman and senior management with respect to the business and operations of the Company. In addition, each member of the Board and any new member of the Board is provided with the constating documents of the Company and the Company's policy with respect to public disclosure, communication and insider trading and reporting. Each new Board member is also entitled to review all previous minutes of the Board and the shareholders. In addition, directors are encouraged to visit the Company's facilities, to interact with management and employees and to stay abreast of industry developments and the evolving business of the Company.

The Board is currently considering implementing a formal orientation and continuing education program whereby all directors will receive a Board manual containing any terms of reference of the Board and its committees, the constating documents of the Company, corporate fact sheets, and scheduling information sessions for directors on

topics relating to significant aspects of the Company's business and operations, including the legal, regulatory and industry requirements affecting the Company.

Ethical Business Conduct

The Company has adopted a written Code of Business Conduct and Ethics (the "Code") which applies to the Company's directors, officers and employees, a copy of which can be obtained under the Company's profile on SEDAR at www.sedar.com.

The Board of Directors takes reasonable steps to monitor compliance with the Code by requiring employees, on the commencement of employment and as otherwise directed by management, to sign a copy of the Code acknowledging that the employee has read, understood and will comply with the Code. The Code encourages that an employee report to their supervisor or the Board possible unethical conduct and breaches of the Code.

In addition to the Code, the Company has adopted an Audit Committee Charter and a Whistleblower Policy with respect to accounting and auditing irregularities. The Company has also adopted a disclosure and insider trading policy to ensure the communications to the investing public about the Company are timely, factual and accurate in accordance with applicable legal and regulatory requirements and to help ensure that the directors, officers and other insiders of the Company understand and comply with the insider trading restrictions under applicable securities legislation.

Since the beginning of the Company's most recently completed financial year, no material change reports have been filed that pertain to any conduct of a director or executive officer that constitutes a departure from the Code.

The Board encourages and promotes a culture of ethical business conduct by appointing directors who demonstrate integrity and high ethical standards in their business dealings and personal affairs. Directors are required to abide by the Code and are expected to make responsible and ethical decisions in discharging their duties, thereby setting an example of the standard to which management and employees should adhere.

The Board requires that the Chief Executive Officer and other executive officers are acting with integrity and fostering a culture of integrity throughout the Company. The Board is responsible for reviewing departures from the Code, reviewing and either providing or denying waivers from the Code, and disclosing any waivers that are granted in accordance with applicable law. In addition, the Board is responsible for responding to potential conflict of interest situations, particularly with respect to considering existing or proposed transactions and agreements in respect of which directors or executive officers advise they have a material interest. Directors and executive officers are required to disclose any interest and the extent, no matter how small, of their interest in any transaction or agreement with the Company, and that directors excuse themselves from both Board deliberations and voting in respect of transactions in which they have an interest. By taking these steps the Board strives to ensure that directors exercise independent judgement, unclouded by the relationships of the directors and executive officers to each other and the Company, in considering transactions and agreements in respect of which directors and executive officers have an interest.

Nomination of Directors and Compensation

The Compensation Committee is responsible for identifying new candidates to join the Board of Directors. The Committee is responsible for identifying qualified candidates, recommending nominees for election as directors and appointing directors to committees. The Compensation Committee is requested to objectively consider the independence of candidates, financial and technical acumen, skills and available time to devote to the duties of the Board of Directors in making their recommendations for nomination to the Board of Directors. The Committee reviews the composition and size of the Board of Directors and tenure of directors in advance of annual general meetings when directors are most ordinarily elected by the Company's shareholders, as well as when individual directors indicate that their terms may end or that their status may change. The Compensation Committee encourages all directors to participate in considering the need for and in identifying and recruiting new nominees for the Board of Directors. In doing so, the directors are requested by the Compensation Committee to have regard to the skill sets which are deemed, from time to time, to be most desired in proposed nominees for the Board of Directors.

With respect to compensation, the Compensation Committee reviews and approves corporate goals and objectives relevant to the Chief Executive Officer's compensation, evaluates the Chief Executive Officer's performance in the light of those corporate goals and objectives and determines or makes recommendations to the Board of Directors with respect to the Chief Executive Officer's compensation level based on this evaluation. This committee also considers and, if deemed appropriate, approves the Chief Executive Officer's recommendations for compensation for executive officers of the Company and incentive compensation plans of the Company. This includes the review of the Company's executive compensation and other human resource philosophies and policies, the review and administration of the Company's bonuses, stock options and share purchase plan and the preparation and submission of a report for inclusion in annual continuous disclosure documents, as required.

The Compensation Committee is comprised of non-management members of the Board of Directors and is required to convene at least two times each year. Russ Hammond stepped down from the Compensation Committee and was replaced by Piers Johnson on May 7, 2009. The Board of Directors has determined that Mr. Lilley's position as Vice Chairman and the fact that Mr. Johnson is Managing Director of Oilfield Production Consultants Ltd. and Oilfield Production Consultants USA LLC, who provide the Company with technical services, are not reasonably expected to interfere with the exercise of their independent judgement as members of the Board of Directors.

Other Board Committees

The Company's four standing committees are the Audit Committee, the Compensation Committee, the Reserves Committee and the Executive Committee (Executive Board). The function of the Compensation Committee is set out above under "*Nomination of Directors and Compensation*" and "*Compensation Discussion and Analysis*", and the function of the Audit Committee, Reserves Committee and Executive Board are set out or referred to below.

Audit Committee

Concurrently with the resignation of Colin Smith from the Audit Committee on September 1, 2009, Marcus Rhodes was appointed and Piers Johnson and Rt. Hon. Peter Lilley's membership continued, notwithstanding that Piers Johnson is not considered independent of the Company for the purpose of membership on the Audit Committee as a result of his interest in Oilfield Production Consultants Limited. With respect to the membership of Piers Johnson, the Company relied on the exemption in section 3.5 of NI 52-110 on the basis that the vacancy left by Colin Smith required the continued membership of Piers Johnson. The Company's Board of Directors had determined that the continued membership of Piers Johnson did not materially adversely affect the ability of the Audit Committee to act independently and to satisfy the other requirements of NI 52-110. As of May 1, 2010 Piers Johnson stepped down from the Audit Committee and was replaced by James Rawls.

The function of the audit committee is set out in detail in the Company's annual information form (available at www.sedar.com).

Reserves Committee

The function of the Reserves Committee is to recommend the engagement of a reserves evaluator, ensure the reserves evaluator's independence, review the procedures for disclosure of reserves evaluation, meet independently with the reserves evaluator to review the scope of the annual review of reserves, discuss findings and disagreements with management, annually assess the work of the reserves evaluator and approve the Corporation's annual reserve report and consent forms of management and the reserves evaluator thereto.

Executive Board (Executive Committee)

In February 2008, the Board approved the formation of an "Executive Board" (which functions as an executive committee). The Executive Board comprises of Dr. David Robson, Mr. Bernard Murphy and Ms. Elizabeth Landles, each of whom is an executive officer of the Company. The purpose of the Executive Board is to allow the Board of Directors to delegate to the Executive Board the authority to respond to day-to-day or time sensitive matters where it is impractical to call a full meeting of the Board of Directors. The Executive Board makes a report to the Board of Directors of its meetings and actions at subsequent meetings of the Board of Directors.

Assessments

The Board will periodically review the effectiveness of the Board, its committees and the contributions of individual Board members. It is anticipated that this assessment will be conducted through an informal discussion and evaluation of members' contributions.
